

Commercial and Business Contracts Package

Unhappy with unpredictable fees and generic advice?

Frustrated with being passed from pillar to post?

Why pay each time you call your lawyer?

Morton Legal has the solution...

“Specialist legal advice delivered personally for a fixed monthly fee.”

It is vital that all businesses have written contracts in place that are relevant to your business and that protect you. Failure to do so can result in unnecessary disputes, claims against you, loss of income and business disruption.

The Commercial and Business Contracts package includes:

Trading Agreements

We can supply you with all the documentation you need to trade as a business, including:

- Terms and conditions of sale or purchase
- Supply contracts
- Master service agreements
- Outsourcing agreements
- Consultancy Agreements
- Sub-Contractors Contracts
- Service Agreements
- Agency Agreements
- Distribution
- Franchising
- Licensing

The documents will be drafted by a commercial law specialist using the most up to date legal precedents and we will also update your documents free of charge as a result of changes in the law or changes in your operational requirements.

In addition to supplying you with these agreements we will also act for you in negotiations with your suppliers or customers to ensure that you are protected on each new business deal you secure.

At Morton Legal we call upon a wealth of business experience to deliver proactive client focused advice to all businesses from start up to well established growing businesses.

Intellectual Property

Your intellectual property; your brand, your logos, your name, your website are all crucial to your business, so you need to be sure that it is protected.

We can assist you with:

- Terms and conditions for website use and online trading
- Privacy policies, distance selling and e-commerce regulations
- E-marketing and data protection
- Copyright
- Trademarks
- Domain names
- Patents
- Design rights
- Confidential information

Morton Legal can provide you with bespoke commercial contracts and practical advice without you incurring large legal bills.

Debt Collection

We can assist you with recovering unpaid monies and defend any demands from third parties. Our specialist advice will enable you to monitor slow payers, send chasing letters and issue letters before action.

Specialist Advice

The above package includes access to a specialist helpline providing advice when you need it. We pride ourselves on fast response times and you will speak direct to the specialists.

All our specialists are trained commercial experts and, rather than giving you a generic response, you will receive proactive commercial advice outlining your options. We will not simply state the law, we will give you practical advice so that you are able to manage your business effectively and take bold commercial decisions.

Forecast your costs

Monthly invoices with set fees allow you to accurately forecast your costs and keep your legal bills down.

At Morton Legal we focus on your requirements and we are conscious of the costs that all businesses face. As a legal and business consultancy we are able to keep our overheads low and pass this saving onto our clients.
